(Parlé:) I said a hip-hop, skip or jump, I don't give a damn, Baby, just shake your rump, the rhythm

Bb Gm Cm7 F

is hot, groovin' fine - come on, party people, shake your body line!

2.- Want to play you some of this Soca beat,
This Caribbean rhythm will put you on your feet,
Whether you're young, whether you're old and grey,
Gather around, we'll Jam it night and day.
All along the beach, a party in the moonlight,
With Soca sounds to make the feelings of the tune right...
(au Refrain:)

Parlé:
I said take it from the bottom, take it from the top
I love the way you move and don't you ever stop,
Coconut water will cool you down,
That's the life
(au Refrain ad lib.)
